Part X, Line 2:

The Organization evaluates its uncertain tax positions and will recognize
a loss contingency when it is probable that a liability has been incurred
as of the date of the financial statements and the amount of the loss can
be reasonably estimated. The amount recognized is subject to estimate and
management judgment with respect to the likely outcome of each uncertain
tax position. The amount that is ultimately sustained for an individual
uncertain tax position or for all uncertain tax positions in the aggregate
could differ from the amount recognized. As of December 31, 2022,
management did not identify any uncertain tax positions.
